Running Marathon, People Run, Colorful

Every morning this year Eseta, Liz, Megan and Bronwyn have been walking up to the Wymondley Road Dairy because they pick our tamariki up for the Walking School Bus. It has been disappointing of late with more children arriving at school late, or not at all. The Walking School Bus is to ensure children get to school safely and on time. It is up to whanau to have their children ready and outside to catch the school bus. Our wonderful learning assistants have been walking every morning rain, hail or shine but lately there have only been a few children catching the bus. We don't want children to miss out by cancelling the bus, so we are asking that you get your tamariki ready early enough to catch the bus. No uniform, no lunch are not a good enough excuse to be absent or late. We just need to know, then we can organise lunch for them. We have Lunch In Schools, Fruit In Schools, Milk In Schools and they are for anyone. On any given day children forget their lunches or like me, have forgotten to buy bread - kei te pai, we have sandwiches and fruit pottles. If children are going to miss school, it should only be if they are sick. There will be a note going home this week asking you if you would like your child to catch the Walking School Bus - education is important. Our tamariki should be at school.

# Teaching and Learning @ WRS

On Wednesday morning, the school was getting ready for athletics day. The seniors were setting up for Athletics day. Our family was looking at us, doing our rotation at Athletics Day. We had ice-blocks for sale. The ice-blocks tasted really nice because I saw some yummy juice in the ice blocks. When I chucked the frisbee I was not good at it but I kept trying. But I didn't get it again, but I kept on trying. I didn't keep on giving up when I tried my first try. Then I did it again, and then I got it right and this is my favourite part of the day. Now I am good at frisbee. By Masi

Yesterday morning, the juniors and seniors were at Athletics day. Athletics was fun because we had different activities. My first activity was to run in straight lines. When I started to run, I was nervous that I would come in last place. After running in straight lines, I had to go to shotput. Shotput was cool because we got to throw bean bags as far as we could. My beanbag was the colour yellow. My favourite part was the shotput because we got to throw the beanbags as high as I could and as far as I could. By Losaline

## Te Ra Writing

Yesterday morning the juniors and seniors came to Athletics. We had four events, One was the frisbee, two was the beanbags, and three was racing. When I was coming to school I felt like there were butterflies flying and dancing in my tummy. My favourite was racing because when I was racing I thought that I would come last but then I came third. I was so proud of myself. I had fun. We also did jumping. So on frisbee when I to there and on the beanbag I got to see what metre I went up to. By Stacey
